

# A0099-002,-003

## Vapor Adapter Cap

Vapor adapter cap for Stage I vapor recovery dual point systems. Provides vapor tight integrity, eliminating fugitive emissions. Complies with CARB cam and groove performance standard. Aluminum body, powder coated orange for vapor line identification, brass cams, carbon steel links and Buna-N seal. Cap is lockable with self-aligning, toggle-action design. Center collar prevents breakage. The A0099-003 includes a 12" chain to prevent loss or theft. Weighs 1.3 lbs. (-002); 1.4 lbs. (-003).
