

Monitoring Well Manholes

A0721 Monitoring Well Manholes

All Emco Wheaton Monitoring Well Manholes incorporate cast-in identification triangles in accordance with API recommendations and meet AASHTO H20 wheel loading.

- Painted ductile iron lid and rim
- Optional steel or polyethylene skirt
- Bolt-down units have water-tight lids
- Custom lids available
- Custom skirt heights available

Stainless steel bolts - no more rusted bolts

Built-in side handle on 18" models - one hand opening and positioning

- Heavy-duty skirts available. 100% welded skirt and seam. Replace the first digit of the variant number with a 2
- ID tag available on all models; large enough for all new regulatory requirements; Add ID to the 8-digit part number
- Large notch on 8" models eliminates broken screwdrivers
